Anthony Ugwuja

AI evaluation and data annotation specialist (pharmacy and science)

anthonyugwujac@gmail.com | Abuja, Nigeria | anthonyugwuja.dev |
linkedin.com/in/tonysmile | github.com/teesmile

Professional summary

AI evaluation and data annotation specialist with a pharmacy degree and a software development background. Since 2025, has completed more than 1,000 image and video annotation, comparison and rating tasks with quality ratings mostly between 4.5 and 4.8 out of 5, and has written expert-level science tasks with about 90% approved. Also builds terminal-based benchmark tasks for AI coding agents, working in Python, TypeScript and Linux. Works carefully and consistently, and writes clear feedback.

Technical skills

AI evaluation: LLM evaluation, data annotation, multimodal (image, video and audio) annotation, fact verification, rubric-based grading, side-by-side model comparison

Frontend: React, Next.js, TypeScript, JavaScript, Tailwind CSS, HTML, CSS

Backend: Node.js, Python, Django, REST APIs

Tools: Git, GitHub, Linux, Vercel, pnpm

Professional experience

AI Evaluation and Data Annotation Specialist

Freelance, remote
Nov 2025 - Present
Client and project details under NDA.

> Completed more than 1,000 image and video annotation, comparison and rating tasks on a single project, with quality ratings mostly between 4.5 and 4.8 out of 5.

> Wrote more than 25 expert-level science tasks built to expose model errors, with about 90% approved.

> Built and submitted more than 10 terminal-based benchmark tasks that test AI coding agents.

> Grade and compare model responses for accuracy, instruction following, reasoning quality and safety against detailed guidelines, and verify factual claims against sources.

> Write tasks in biology and clinical pharmacy too, and apply pharmacy knowledge to catch confident but incorrect answers in clinical and scientific content.

Corps Pharmacist (National Youth Service Corps)

Nasarawa State University clinic, Keffi, Nigeria
Aug 2026 - Present

> Dispense medications and counsel students and staff on safe use.

Pharmacy Intern

Federal Medical Centre, Keffi, Nigeria
May 2025 - May 2026

> Rotated through A&E, GOPD, inpatient, theatre, O&G and the ART (HIV) clinic, and joined the TB unit on my own initiative.

Projects

Renal dose check (AI agent benchmark)

Built a benchmark task that tests whether AI agents can check drug doses from a messy patient chart, with simulated agents proving each mistake is caught.

Case study

Who's on my ballot? (launching November 2026), whosonmyballot.ng

Built a free voter information site for Nigeria's 2027 elections, with a data pipeline that turns INEC's official candidate lists into more than 26,000 static pages and a polling-unit lookup covering 177,299 units that runs in the browser, tested to show its main content in about 2 seconds on a simulated slow 3G connection.

Education and credentials

Cloud Computing (in progress)

AltSchool Africa
Jul 2026 - Present

Diploma in Frontend Engineering

AltSchool Africa
Oct 2024 - Oct 2025

B.Pharm, Pharmacy

University of Nigeria, Nsukka
2017 - 2023

Pharmacist

Pharmacy Council of Nigeria

AI Fluency Framework

Anthropic
Jul 2026

Co-author of one journal article and two international conference posters in pharmacy and HIV research (2024).

Languages: English (fluent), Igbo (native)
